**APPRENTICESHIP PROGRAMME**

# A COMPREHENSIVE INTRODUCTION TO LIGHTING DESIGN, TRAINING WITH ONE OF THE INDUSTRY'S LARGEST PRACTICES.

Gain both theoretical training through the Advanced Diploma in Illumination Engineering E-Learning Course (with the BHA School of Lighting) and practical, real world experience alongside our award winning team.

# WHAT YOU'LL GAIN

Over your 2-year apprenticeship, you'll:

- ✚ Build a solid foundation in **lighting principles, design theory, and illumination engineering.**
- ✚ Develop hands-on skills in **CAD drawing, visualisation, 3D modelling, and photometric calculations.**
- ✚ Learn how to create **inspiring lighting concepts**, mood boards, and presentation visuals.
- ✚ Work alongside designers at **all levels** on **live projects** in **hospitality, residential, workplace, and retail** sectors.
- ✚ Grow your **project management, teamwork, and communication skills**, collaborating with clients, architects and suppliers as you progress through your apprenticeship.
- ✚ **Paid work** four days a week and **one day** a week to focus on the **Advanced Diploma in Illumination Engineering.**
- ✚ Gain **access** to industry **events** and wider **training.**

✚ School or college leavers, or anyone looking for a **new career path**.

✚ Must be **eligible** to live and work in the UK.

✚ A **genuine passion for design, creativity** and the **built environment** is a must but you don't need prior lighting experience.

# WHO CAN APPLY?
