

## **APPRENTICESHIP PROGRAMME – LONDON, UK**

If you are interested in a 360 degree introduction to lighting design, training with one of the industry's largest practices, Nulty, then this opportunity is for you.

### **What's in it for you?**

This is a paid opportunity. You will gain theoretical training through the Advanced Diploma in Illumination Engineering E-Learning course (with BHA School of Lighting) and practical, real world experience alongside our award winning team.

### **What you'll learn during the 2-year apprenticeship**

- Build a solid foundation in lighting principles, design theory, and illumination engineering.
- Develop hands-on skills in CAD drawing, visualisation, 3D modelling, and photometric calculations.
- Learn how to create inspiring lighting concepts, mood boards, and presentation visuals.
- Work alongside designers at all levels on live projects in hospitality, residential, workplace, and retail sectors.
- Grow your project management, teamwork, and communication skills, collaborating with clients, architects and suppliers as you progress through your apprenticeship.
- Work 4 days a week and have 1 day a week to focus on the Advanced Diploma in Illumination Engineering.

### **Who can apply?**

- School or college leavers.
- Must be eligible to live and work in the UK.
- You must have a genuine passion for design, creativity and the built environment, but you don't need prior lighting experiences.

### **How to apply**

- Your CV should highlight your academic background, any relevant work or creative experience and any software or design skills.
- Your cover letter should tell us:
  - Why you want to come a Lighting Designer?
  - Why does light inspire you?
  - What excites you about starting your career with Nulty?
- A small creative showcase
- Don't worry if you don't have a traditional portfolio yet, you can include Sketches, mood boards, photography or other creative work that shows your eye for detail, atmosphere and design. Ideally in PDF format.
- Send your CV, Covering letter and creative showcase to the email address [office@nultylighting.co.uk](mailto:office@nultylighting.co.uk)
- 

### **Benefits / Additional Information**

- Hours: 9am – 5:30pm, Monday – Thursday with half day Fridays 9am – 1pm
- The role is office based in Waterloo, London
- Start date: ASAP
